

HOMEMADE BEAUTY TIPS

A beautiful skin reflects a beautiful soul. It tells that the lady who owns it is happy to be and respects herself. One must not avoid caring for her skin as it's a very important part of one's grace. Apart from leading a healthy life and following healthy habits, there are some simple tips that you may use to feel good about your skin.

Oatmeal scrub: An excellent natural scrub that helps removing the dead facial cells.

Preparation: Make a paste of 1/2 a cup of oatmeal with 1/2 cup of water. Apply the paste after cleansing your face with water and allow it to rest for 10-15 minutes before rinsing it off with warm water while scrubbing your face with the pack in circular motions.

Egg yolk: Rich in nutrients, it lets your skin feel beautiful, giving it that special glow; it is an ideal face pack for dry skin.

Preparation: Mix 1 egg yolk with 1/2 a tablespoon of olive oil and some amount of lemon juice. Apply the pack on your face and leave it to dry for at least 15 minutes before rinsing it off with water.

Honey, Peach and Yogurt Mask: A great face mask that can be used every day.

Preparation: Make a paste mixing peach pulp with honey and yogurt. Apply it on face and leave it to dry for 30 minutes for magic. Once the pack is dry, rinse it off with lukewarm water. Complete the process by applying light moisturizer to your face.
